Summer 2011

Dear Parents:

It will be our school policy to use children's photos in publications, newsletters, newspapers, websites, etc. when the situation warrants. No child will be identified by name in any form of publication.

However, you have the option of not allowing your child's image to be used. Please fill out the refusal form below. A failure to return the form will indicate that you are allowing the school to use your child's image.

Sincerely,

Jeremiah J. Kenny  
Principal

JJK:alf
